

Star Aria Star Maps

By John Taber

Summary

This package contains star maps for the Star Aria campaign. These maps are very detailed and contain lots of great megaverse goodness!

Installation

Simply unzip these files and view them with Acrobat 4 or higher.

Here is a brief explanation of the files which are included in the package:

Filename	Description
Readme.pdf	This file.
Star Aria Star Map – 1 Sheet.pdf	The entire megaverse map that when printed covers a single page. This version is best when you want to zoom in on an area using Acrobat. If you want to print the map to view at a later time use one of the other versions.
Star Aria Star Map – 4 Sheets.pdf	The entire megaverse map that when printed covers four pages. The pages are aligned in a simple two by two grid. This version is great for printing then three hole punching for a binder.
